Celebrate the Child

Our ballerinas, enchanting us with their grace

"Celebrate the Child" held on the 28th of May was to give a platform for pupils to showcase their artistic talents. The school was open to the public to view the art works of the pupils as well as to enjoy an evening beneath the starry sky watching a concert put up by the girls. The concert items included skills which had won prizes at National level, songs sung by the choir in the combined school choral performance and dances learnt by the pupils in their ballet and tap enrichment classes. Art booths were set up for visitors to try their hand at paper towel batik dyeing, plasticine modeling and Chinese painting.

There was also a colouring contest for children before the concert.

The night ended aptly with the whole school singing "Hold on to Our Dreams" which encapsulated the ideal that all should dare to dream.

You go girls!

Skate Singapore

One afternoon, my friends came up to me and said, "Hey Natassial Are you taking part in Skate Singapore?" I said "No" at first because my coach was on holiday for a while and I had a "temporary" coach. A few weeks went by and my coach finally came back. I asked her if I could take part. She nodded! I only had a few weeks to do my training. I felt, however, I was not ready. After weeks of hard work, the day of the competition finally arrived, I was really nervous. Soon, it was my turn. I did my very best. The marks came. I was really excited. I looked at the score sheet and my name was on the top of the page! I was surprised to have won 1st Prize! My hard work had paid off and I felt very happy!
